

## Freeway Insurance to offer online Renter's Insurance via newly revamped website

HUNTINGTON BEACH, Calif., Jan. 11, 2021 /PRNewswire/ -- Freeway Insurance, the nation's leading personal lines insurance distributor, unveiled an online renter's insurance purchase portal that offers A-rated insurance carriers to its digital and mobile-savvy customers. Customers can still compare and purchase insurance by phone or in one of their retail stores, but the online purchase feature offers a new option. This launch coincides with the release of a newly refreshed website focused on a mobile friendly approach and user experience.

Renter's insurance will now be offered online, by phone, or in store through Freeway Insurance — Confie's largest division with more than 500 locations across the country. Freeway offers multiple insurance carriers to ensure choices and prices that fits a wide range of customers. The renter's insurance products are rated A+ by Standard and Poor and A (excellent) by A.M. Best the industry standard.

Renter's insurance protects you during unfortunate events such as fire, theft, water damage and other unforeseen circumstances—situations your apartment owner's policy does not cover. The insurance covers your personal property and liability for medical expenses. Buyers can choose the coverage levels that are most appropriate for their situation.

"At Freeway, we want to give the customer an array of carrier choices, affordable products and convenient ways to purchase insurance. Customers who prefer to purchase their rent insurance online now have that ability. Confie will continue to focus on innovation and technology to provide top tier customer experience," said Cesar Soriano, CEO of both Confie and Freeway.
